### PROFESSIONAL SUMMARY

I'm a professional graphics designer, brand designer.

I have worked with people for the last few years to help them grow their businesses. As a result of this journey, I gained a lot of empathy, a skill I use to connect with companies of all sizes and in various industries. I aim to use design to solve real-world problems based on my firm belief in sincerity.

My passion for creativity and eye for detail make me the perfect graphic designer for any business. As a graphic design service specializing in brand identity, My minimalist designs enhance your brand.

### WORK EXPERIENCE

#### Senior Graphics Designer

World Web Hemp, Dhaka, Bogura / 2021 – Present

Created innovative and modern designs for a variety of projects. Ensured brand integrity and consistency by developing visual solutions.

- Designing logos, brochures, social media content, and website graphics for a wide range of clients.
- Worked with clients to understand their vision and deliver custom graphic solutions.
- Use action words like "Organized", "Created", "Completed", "Maintained", "Managed, Developed".
- Produce high-quality visual content with Adobe Creative Suite (Photoshop, Illustrator, InDesign, XD, Premiere Pro).

#### Graphics Design Support

Take Action Canada, Etobicoke, Ontario / 2023 – Present

Contributed to the development of visual content for various campaigns, ensuring alignment with the organization's mission. Assisted in creating graphics for social media, websites, and print materials. Collaborated with team members to deliver innovative design solutions.

- Designed graphics for social media, websites, and print materials.
- Branded and aligned all visual content.
- Collaborated with team members to brainstorm and implement creative design solutions.
